

Annual REPORT OF GIFTS

This past summer, Vermont College of Fine Arts unveiled a new mission statement that ends with this sentence:

We believe that the arts are central to the human experience and have the ability not only to reflect reality but also to create it.

This statement hits at the heart of what we strive to do everyday—support artists in order to make the world a more humane place. None of this would be possible without the unending support from our vast community of alumni, students, faculty, friends, and staff. Though we are a small and still rather young college, our community's generous contributions ensure that we are able to succeed at making our mission a reality. We thank you for the many ways you support VCFA and the important work we do.

The following list includes all donors to Vermont College of Fine Arts whose gifts we received between July 1, 2016 and June 30, 2017. Thank you again for your support.
