How to Activate your Library Account

(Mac Users: please use Internet Explorer, Firefox, or Chrome browsers for your library searches.)

Start at the library homepage: https://vcfa.edu/library-resources/
Click the “Log In” link located in the middle of the page, which will direct you to this page: (web address is https://vcfalibrary.on.worldcat.org/discovery)

Click the “Sign In” button in the top right-hand corner of the screen. You’ll see this:

Enter your VCFA username (firstname.lastname), leave the second box blank, and click on the “Set/reset password” link. You will see this screen:
Type your username and then click on the “Request New Password” link. You will receive an email at your VCFA email account. Log into your VCFA email account and open the “Request to Manage Library Password” email:

Click on the link to reach this page, create a password that meets security requirements, and finally click the “Change Password” link:

Now you can return to the library homepage and log-in with both your username and newly created password. Please note that library staff don’t have access to your password. If you forget yours, simply follow these same steps to reset your password.

*If you would like to change your username, please contact a library staff member for support.
